## Science Diet's Best Kept Secret.

No matter what dry food you feed, if you add a canned product to it you should be adding MIXIT! This balanced, extremely palatable liver gravy is the most economical enhancer you can put on a dry food. Two tablespoons of MIXIT per cup of dry food will coat each pellet. MIXIT was formulated with the finicky eater in mind. For more information about Science Diet®, call 1-800-445-5777 (Toll Free).
